

SMART SOLAR ENERGY PROPOSAL

Personalized Solar Solution for Long-Term Savings and Energy Independence

VERONIC SOLAR

EXECUTIVE SUMMARY DASHBOARD

Monthly Electricity Bill	Rs. 800
Recommended System Size	0.95 kW
Annual Energy Generation	1,330 kWh
Annual Savings	Rs. 9,600
Total Project Cost	Rs. 47,500
Payback Period	4.0 Years

At A Glance

Metric	Value
ROI Percentage	405%
25-Year Savings	Rs. 240,000
Carbon Offset	1 Tons / Year

WHY GO SOLAR

<i>Lower Electricity Bills</i>	<i>Energy Independence</i>	<i>Protection Against Tariff Increases</i>
<i>Environment Friendly</i>	<i>Increased Property Value</i>	<i>Long System Life</i>

CUSTOMER ENERGY ANALYSIS

Current Situation	Value
Monthly Bill	Rs. 800
Annual Bill	Rs. 9,600
Lifetime Electricity Cost	Rs. 240,000

Future Situation With Solar	Value
Reduced Electricity Cost	Rs. 0
Savings Percentage	100%
Expected Solar Production	1,330 kWh / Year

Energy Consumption Comparison

Cost Reduction Visualization

SOLAR SYSTEM DESIGN

Technical Specification	Value
Solar Panel Quantity	2
Solar Panel Capacity	475 W each
Inverter Details	0.95 kW String Inverter
Roof Area Requirement	71 sq.ft
Estimated Generation	1,330 kWh / Year
Warranty Details	25 Years Performance / 10 Years Product

Panel Array	Inverter	Mounting	Monitoring
-------------	----------	----------	------------

FINANCIAL ANALYSIS

Financial Metric	Value
Project Cost	Rs. 47,500
Government Subsidy	Rs. 9,500
Net Investment	Rs. 38,000
Annual Savings	Rs. 9,600
Payback Period	4.0 Years
ROI	405%

Solar vs Traditional Electricity

Option	25-Year Cost
Traditional Electricity	Rs. 240,000
Solar Investment	Rs. 38,000
Net Savings	Rs. 202,000

25 YEAR SAVINGS PROJECTION

Savings Growth Line Chart

Milestone	Cumulative Savings
Year 1	Rs. 9,600
Year 5	Rs. 48,000
Year 10	Rs. 96,000
Year 15	Rs. 144,000
Year 20	Rs. 192,000
Year 25	Rs. 240,000

Total Lifetime Savings: Rs. 240,000

ENVIRONMENTAL IMPACT

Impact Metric	Value
Trees Saved	33
CO2 Reduction	1 Tons / Year
Green Energy Generated	1,330 kWh / Year
Equivalent Cars Removed	0
Environmental Contribution Score	48/100

Sustainability Snapshot

INSTALLATION ROADMAP

A clear step-by-step rollout designed to keep the process organized, predictable, and easy for the customer to follow.

01	<i>Site Survey</i>
	On-site measurement, shading check, and roof assessment.

	<i>Documentation</i>
	Approvals, forms, and net-metering paperwork preparation.

	<i>Installation</i>
	Mounting structure, wiring, and system assembly completed.

	<i>Net Metering</i>
	Utility coordination and meter integration finalized.

02	<i>Engineering Design</i>
	System sizing, layout planning, and technical finalization.

04	<i>Material Procurement</i>
	Premium panels, inverter, and balance-of-system components arranged.

06	<i>Testing</i>
	Electrical checks, safety validation, and performance verification.

08	<i>System Activation</i>
	Final handover, monitoring setup, and customer walkthrough.

WHY CHOOSE VERONIC SOLAR

Trust Factor	Value
Industry Experience	Proven project execution
Quality Equipment	Premium components
Certified Installation Team	Skilled engineering support
After-Sales Support	Ongoing customer care
Warranty Coverage	Long-term protection
Fast Installation	Organized deployment

Customer-first delivery with clear communication, reliable timelines, and a premium ownership experience.

EMI & PAYMENT OPTIONS

Choose a payment path that fits the project size and cash flow. The highlighted option is the most balanced for most customers.

Full Payment Rs. 38,000 Down Payment: Rs. 38,000 Interest: 0% Total Cost: Rs. 38,000	12 Month EMI Rs. 3,167 Down Payment: Rs. 9,500 Interest: 12% Total Cost: Rs. 42,560
24 Month EMI MOST POPULAR Rs. 1,583 Down Payment: Rs. 7,600 Interest: 13% Total Cost: Rs. 42,940	36 Month EMI Rs. 1,056 Down Payment: Rs. 5,700 Interest: 14% Total Cost: Rs. 43,320
60 Month EMI Rs. 633 Down Payment: Rs. 3,800 Interest: 15% Total Cost: Rs. 43,700	

Plan	Why It Works Best
Full Payment	Lowest overall cost and fastest ownership transfer.
24 Month EMI	Balanced monthly outflow with a strong payoff window.

60 Month EMI	Lowest monthly commitment for cash preservation.
